SUN BEAMS

By WALTER M. BARRETT

In another week, fishing and hunting in this district will be over for the season. Nimrods will have to be satisfied with tall tales of past experiences until the law again makes it possible to resume the conquest for fish and deer. This has been a good season for both hunting and fishing in this area. Hundreds of deer have been killed and those who are familiar with the sport declare that it has been the best year for hunting that has been enjoyed for many seasons. Fishing, too, has rewarded scores of anglers with full baskets during the past six months. This latter condition, however, will not last for many years unless drastic steps are taken by conservationists, and unless sportsmen concentrate more effort on restocking the streams and provide for the vanishing horde's welfare. Fishing isn't as it used to be, old timers say, and it will continue to be harder and harder to land limits, unless sportsmen arrive at and support a feasible program of conservation and restoration in the state. The Truckee river now is one of the best fishing streams available, but even the old reliable Truckee is not what it used to be a few years ago before good roads and speedy cars made it possible for all to indulge in the delightful recreation.

Of course there is always plenty to do in Truckee besides reading, but nevertheless, there are still those who find a great deal of enjoyment in a good book, especially on a winter evening. This brings out the thought of a library where suitable books might be obtained. Truckee, a thriving, fast developing town, could do with a library of some sort. If not a branch of the county library, then a circulating or privately owned library.

Saturday night the Truckee Lions Club is celebrating its birthday with a banquet and party. For four years the club has been one of the most active in the district and has done much toward bettering conditions in this city, forming a closer business and fraternal relationship among its members. The purposes of the club are many, but two of those to stand out in our thoughts as the most important are: First - To promote the theory and practice of principles of good government and good citizenship. Second - To take an active interest in the civic, commercial social and moral welfare of the community. There are other purposes probably of equal importance, including promotion of higher ethics in business and create and foster a spirit of "generous consideration" among the people of the world, but to us these two, if followed out in act, provide a code well worthy of all support possible from members and friends.

TRAVEL LECTURE IS FEATURE AT CLUB MEET LAST WEEK

The meeting of the Wyethia club on October 1, held the interest of those present when they heard a travel lecture given by Emile du Houdon, who illustrated his talk with motion pictures.

Members of the group also gave several vocal selections. Tea was served by a committee at the close of the afternoon.

Mrs. S. Marshall Richardson is to discuss the proposed amendments at the next meeting on October 15.

Mesdames Lotta Bryant, F. A. Titus, R. P. Bick and Jennie Watkins went to Williams Saturday where they attended the monthly meeting of the northern district of the Federation of Women's Clubs.

Mrs. Mabel Matzka, state chairman of the arts group, will speak at a meeting of the club here November 5. The state vice president, Mrs. Thomas H. Richards, has given the Wyethia club a regular meeting date next April when she plans to visit here.

THREATENING FIRE AT AUTO CAMP PUT OUT BY OFFICERS

Early Monday, fire which at first assumed serious proportions, threatened the Emigrant Trail auto camp west of Truckee. The blaze started when tar which was being heated in a barrel to repair the roof caught and the flames rapidly spread over the ground toward a large woodpile.

Officers Carl Smith and Charles McKeen were the heros of the emergency, using fire extinguishers on both sides of the conflagration to keep it under control.

LOCAL SCHOOL OPENS MONDAY IN PAVILION

Building will not be Ready For Occupancy for Two Weeks

UNAVOIDABLE DELAY

Necessary to get Required School Days Into This Term

Due to unavoidable delays, the grammar school children will not be housed in the new building for two or three weeks, although classes are to begin for them on Monday, October 12.

All thepupils are asked to assemble in front of the office of the Methodist Church at 8:45 o'clock and from there the primary grades will go to the Methodist Church auditorium and the intermediate and graduating classes will go to the winter sports pavilion on the hill across the Truckee river, under the supervision of the teachers.

The temporary housing arrangement was made as an emergency measure as it is required by law that there are to be a certain number of school attendance days in California and the reports for the fiscal year must be sent in to the state board within a specified time.

TWO INJURED AS TRUCKS WRECKED

Rain is Blamed For Disaster On Highway Near Cisco

Rain which caused the highway near Dead Man's curve near Cisco to become slippery is blamed for the injuries suffered by two Salt Lake City men, Melvin and Delbert Wood and the wrecking of the truck they were driving last Thursday.

The brothers were surveying the damage to the truck after it had skidded on the road, when another truck plowed into them, according to reports. They were taken to the Highland hospital at Auburn where they were found to be suffering from severe cuts and bruises and possible internal injuries.

The victims were employed by a Salt Lake City firm.

NEW PATROLMAN IS ASSIGNED TO TRUCKEE

Arthur C. Barrick, who successfully applied for a position as California highway patrol officer at the examinations held some time ago, will likely be assigned to the Truckee district to assist Patrolman C. E. McKeen following preliminary training, it was revealed here.

Barrick was certified to the service and began duty as a member of the Nevada county unit of the patrol this week. He was assigned to the Hills Flat headquarters office to learn the routine and will later attend the Sacramento school of instruction and will he uniformed and equipped for patrol duty in this vicinity, according to reports.

DRIVER CHARGED AS AUTO WRECKED

Harry Baldwin, employed on the state highway, will appear before Justice of the Peace C. E. Smith on Thursday afternoon to answer to a charge of reckless driving and driving without an operator's license as the result of his arrest following an accident Saturday night at the foot of High street, when he attempted to drive up the hill, going east and lost control of the car which turned over the enbankment.

Both the driver and William Delaney, a passenger in the machine, escaped with minor injuries.

State Patrolman Charles McKeen made the investigation.

FORMER TRUCKEE MAN IS NABBED AS DEFALCATOR

Man Wanted Here Arrested In Wyoming After Charge Made

Accused of embezzling an automobile by taking it out of the state before it was paid for, E. E. Langfair recently employed in Truckee, will be returned from Casper, Wyo. if the extradition warrant which has been asked is granted.

Not only one charge is against the man, as it is alleged he passed fictitious checks both here and in Wyoming. He is said to have assigned his time check to R. A. Tonini and before the latter could present it to Langfair's employer, Langfair visited his employer, obtained his wages and departed.

His arrest was brought abont by circulars sent out by Sheriff Carl J. Tobiassen, according to word from the Wyoming authorities.

E. G. Hind, Grass Valley car dealer is the complaining witness on the car charge.

LIONS PREPARING FOR CHARTER FETE

Program Outlined For Big Celebration Here Saturday

Preparations are being completed by the committees in charge of the program for Charter Night of the Truckee Lions Club to be held at the California Cafe at 7 o'clock Saturday evening.

It is proposed this year to make the annual affair the most outstanding event in the four years the club has been in existence. Plans are to be made for the reception of approximately 75 members, their wives and guests.

Entertainment will be provided during the dinner and dancing and card playing will follow, according to the plans tentatively formulated by the committees named by R. C. Gregory president of the club. The Hallowe'en motif will be carried out in the decorations and seasonal favors will distributed among the guests and members of the club to add to the merriment of the occasion.

This week's meeting of the club was postponed so efforts can be centered on Charter Night.

THREE SPEEDERS ARE NABBED BY McKEEN IN SENSATIONAL RACE

Following a thrilling chase by State Patrolman Charles McKeen from Hirschdale to the checking station at Donner Lake Saturday, Paul O. Watts of Piedmont and Dan Blevins of Sparks, Nev., were arrested and charged with speeding at he rate of 70 miles per hour. They will appear before Justice of the Peace C. E. Smith today.

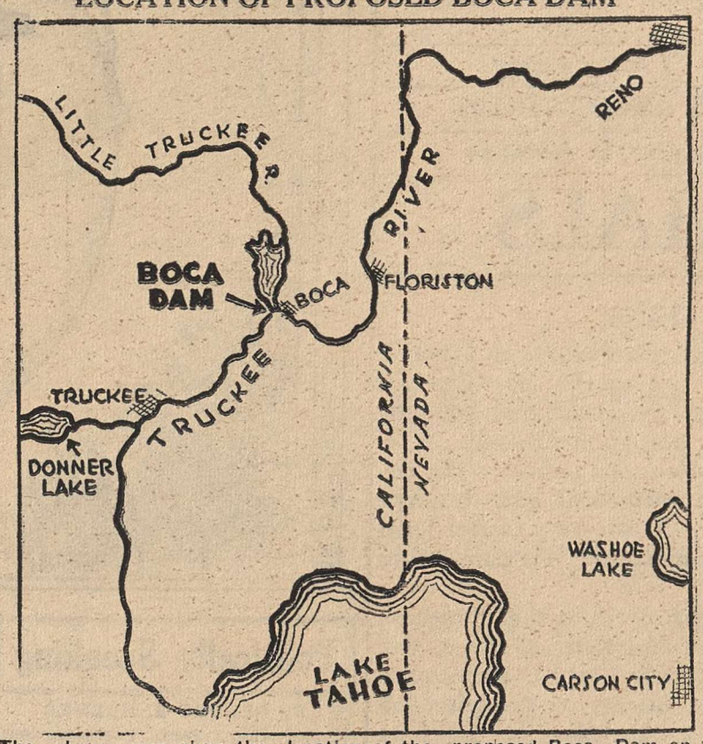
The men were apparently trying to find out which car had the best pick-up and they were picked up, the officer reported.

Jack Lynch of Ely, Nev., also will appear before Judge Smith following his alleged futile attempt to escape the law, represented by Officer McKeen, after he had been speeding and tried to dodge past other cars on the crest of hills. He was handed a ticket near the state line.

PROGRAM FOR YEAR STUDIED BY P. T. A.

The regular meeting of the Parent Teachers association was held at the high school Friday afternoon. The program for the year was passed to each member present for approval. W. I. Bovee, an instructor, had on display articles made by his manual training department. Refreshments were served by Mrs. G. E. Hofmann assisted by two of the home economics pupils. It is hoped that the next meeting can be held in the new grammar school building.

LOCATION OF PROPOSED BOCA DAM



The above map gives the location of the proposed Boca Dam on the Little Truckee river eight miles east of Truckee. Virtually all the area shown in Nevada will be benefitted by the project. Work is expected to be started within the next two months. Sacramento Bee Photo

Future of Snow Sports Here Depends Upon Businessmen

Fund Still $700 Short of Necessary Goal After Many Put Up Shares to Finance Annual Program; Few are on Delinquent List

The future of Winter Sports in Truckee today hangs in the balance, the actual commencement of preparation for the activities being delayed by a minority of the business men of this district, who have not yet responded to the requests being made by the chamber of commerce committee for the money with which to assure a profitable and pleasant winter season hehe.

Although funds raised by letters sent out by the committee now total nearly three-quarters of the amount necessary, those who have subscribed have been assured that their money will be returned in event the full $2000 is not forthcoming under the plan of equal apportionment.

An extention of ten days -- to Oct ober 10 -- was granted after the opinion was expressed that perhaps some of those listed found it embarrassing to pay before the first of the month. Those ten days are slowly slipping into the past and with only two remaining in which to procure the additional $600 or $700 needed, the future of winter sports is indeed doubtful.

The committee met this week, went over the list of those who will be the ones to profit most, checked those who have paid and sent special notice to those who have ignored thus far for one reason or another the request that the money needed be paid immediately.

Another meeting will probably be called within the next few days and unless the necessary money is then available, it was indicated that the cash already raised would be sent back to those who have paid and the winter activities, so far as Truckee is concerned, will be a sad mark in the history of the town.

Post Office To Close Saturday Afternoons

Following the practice of other postoffices throughout the country Mrs. E. C. Bavier, Truckee postmaster, announced this week that starting Saturday, the office here will be closed at noon on each Saturday. For several months, offices in other parts of the state have closed at noon on Saturdays.

Restricted Area For Lake Area Proposed

The section from Pomin,s Resort to Homewood on the western shore of Lake Tahoe may be zoned as a residential area, barring the erection of more commercial establishments if the petition by residents of that section to the board of supervisors is heard and approved by the Placer county planning commission.

October 30 and November 27 are the dates when the supervisors are asking members of the commission to hold the hearings on the petition.

EQUIPMENT ON MT. ROSE STOLEN

Valuable Equipment Taken From Building On Snmmit

Majestic Mt. Rose, whose summit rises 10,800 feet and which is visible from Truckee, has been denuded of its meteorological instruments, valued at several hundred dollars by some unknown and intrepid mountain climber.

The equipment is partially the property of the federal government. The losses were discovered several days ago, having been taken from the snow survey cabin.

Two sets of thermometers, mercury barometer, an anometer, a seven-needle recorder, two sets of wind cups, together with the snow survey records and tools have been taken.

CHAIRMAN CHOSEN FOR P. T. A. DRIVE

Mrs. Floyd Thomas has been chosen as chairman for the membership drive to be staged hy the Truckee Parents and Teachers association during the month of October.

Anyone, whether they are parents or not are invited to join the local organization during the campaign.

Grass Valley Officer Suspended By Council After Charges Made

The Grass Valey City Council held a special meeting Wednesday during which they placed Officer William Frazier on the suspended list.

The action will be effective, it is believed, during the federal investigation of the asserted gold buying "racket."

O'HANRAHAN SPEAKS AT WOMEN'S MEETING

Tim O'HANRAHAN of Truckee, chairman of the Nevada County Democratic central committee, spoke Wednesday evening before a meeting of the Grass Valley Women's club, reciting the advantages gained under the Roosevelt administration. The meeting was largely attended.

RAISE DISPUTE OVER WAGES IN BOCA PROJECT

Building Trades Assembly File Protest over Local Issue

VERIFIED BY LEADERS

Based on Wage Comparison For Common Labor Class Work

According to press dispatches received here this week, the Reno Trades Assembly has filed a protest at Washington against the proposed minimum wage scale set by the Public Works Administration for the construction of the Boca reservoir.

Word of the protest reached here from Washington this week and was verified by labor leaders at Reno. The reclamation bureau officials at Reno had not heard of the protest and explained that no wage scale would go into effect until the contract is let, as the contractor is at liberty to pay any scale he desires so long as it is equal to or higher than the minimum set out in the specifications.

The officials of the labor bodies said their protest is based on a comparison of prevailing wages and the the minimum wage scale set forth in the specifications.

It was pointed out as an instant that a minimum of 45 cents an hour is set for common labor, while the prevailing wage minimum in this district is 62½ cents an hour.

FIVE FIRES DURING WEEK ARE REPORTED IN THIS VICINITY

Five incipient fires caused from lightning were reported in this area during the past week by Forester H. I. Snider.

Two of them were on the Lake Tahoe side of Kingsbury grade, two in the West Meadow creek area east of Rubicon river, and one in the Five Lakes creek drainage district which was handled by seven CCC men and pack outfits into the back country. Protective Assistant Daniels returned last night from the Five Lakes fire, reporting half an acre to have been burned.

None of the fires became large as a light fall of rain accompanied them

Another fire a week ago, presumably caused by a hunter, burned six acres of brush on range lands, two miles west of Carson City. Great damage was avoided by the quick action of the Carson volunteer firemen, highway employees and transient relief workers.

Snider said this week is being observed by all communities as fire prevention week and forest officers are urging everyone, especially the hunters, to observe smoking regulations,as the vegetation remain quite dry over the mountain areas.

PAST MATRONS OF EASTERN STAR ARE FETED AT SESSION

Past patrons and past matrons of Truckee Chapter, No. 116, O. E. S., were honored at the regular meeting of the lodge Tuesday evening.

Each of the complimented guests were recipients of a gift given by members in appreciation of their service to tre organization.

Dutch whist was the diversion of the affair. Mrs. Mary Rector and R. A. Tonini won prizes for having high scores.

Mrs. Harvey Frazer and H. Canady were given the consolation tokens Refreshments were served at the close of the playing. The affair was so successful that it was unanimously voted to make it an annual one.

FIRE ALARM

Considerable excitement was caused here Wednesday night about 11 o'clock, when series of blasts from the fire siren roused the populace. The fire department made a record run to the fire just east of Truckee and prevented any seriuos damage.

ENCOURAGING SIGNS

When this was written, the winter sports fund in Truckee was nearing the $1500-mark, only one-quarter less than the $2000 which the committee had hoped to raise and the sum necessary to carry out the program during the season.

This is considered a splendid omen and indicates the desire on the part of most of the businessmen at least to cooperate in putting the annual snow frolic on a higher level than ever in this community - again putting Truckee "over the top."

Several of those who were asked to aid in the program have not as yet put up their share and some, perhaps, will never do so. That is the case in nearly every c ommunity. Many are willing to ride along in luxury on the other fellow's cart, but this is an exception rather than the rule here in Truckee as the report of the finance committee for the the winter sports indicates. Still others are financially unable to contribute,but again this small group is in the minority.

As a whole, the Truckee business people are inclined to get behind the program in a big way and have evidenced a strong desire to keep the ball rolling until the necessary fund has been provided for facilities and promotion of the biggest winter season the town has ever known.

BETTER BARGAINS AT HOME

Through the columns of The Sierra Sun, Truckee merchants are endeavoring to prove that living commodities cost no more here than they do in much larger cities. Local housewives, who have been under the impression that groceries meats, clothing, drugs and other necessities were selling for less in other cities and towns, near and far, are learning that they have been spending just as much, and often more, for the same purchases she could have made in Truckee and at the same time not being quite loyal to their own town.

In the dim, dark past, it was no doubt true that being isolated to some extent, living costs werehigher here than in other small communities, but with the advent of modern and economical travel and freighting facilities, this is no longer the case. Your home-town merchant is now able to procure merchandise at a cost virtually the same as that paid by the storemen in larger cities. This coupled with lower overhead expense and often a smaller margin of profit, permits him to offer prices just as appealing as those found elsewhere.

THE BIG GAME IS ON

The general election is just four short weeks away. The issues, such as they are, are drawn. The rattle of political machine-gun fire grows constantly louder.

The average citizen has neither time nor inclination to keep up with the presidental campaign in its hectic closing period. To do that, he would have to read a dozen speeches each week; peruse a score of columns authored by observers and thousands of words of so-called news-matter sent out by press associations. After that ,there are the radio talks, sponsored by all parties and used principally, it seems, for the purpose of hurling insinuations of misconduct at the opposition ranks.

All in all, it is one mad scramble as the vote seekers and issue supporters scurry hither, thither and yon, talking, writing, promising, threatening and pointing out the fault of the other fellow's program.

If one is to believe and give thought to all he hears and reads, all major party candidates must be elected if the good old U. S. A. is to survive.

This grand old game of politics has been going on for ages and thus far, in spite of the dire predictions which are part of the game, the country has prospered and we believe we are safe in predicting that it will continue to prosper if either party wins. We hope so at any rate,

A STRONG SIMILARITY

Reading the daily news, one cannot help but be impressed by the similarity between civil wars and the wars between capital and labor, in their waste and barbarism.

For the moment the Spanish civil war is a case in point. If the government wins, Spain will be subjected to an iron-handed communistic dictatorship. If the rebels are victorious a Fascist military dictatorship will be established, according to rebel leaders, and all newspapers except Fascist organs will be suppressed, and all civil liberties will be abrogated.

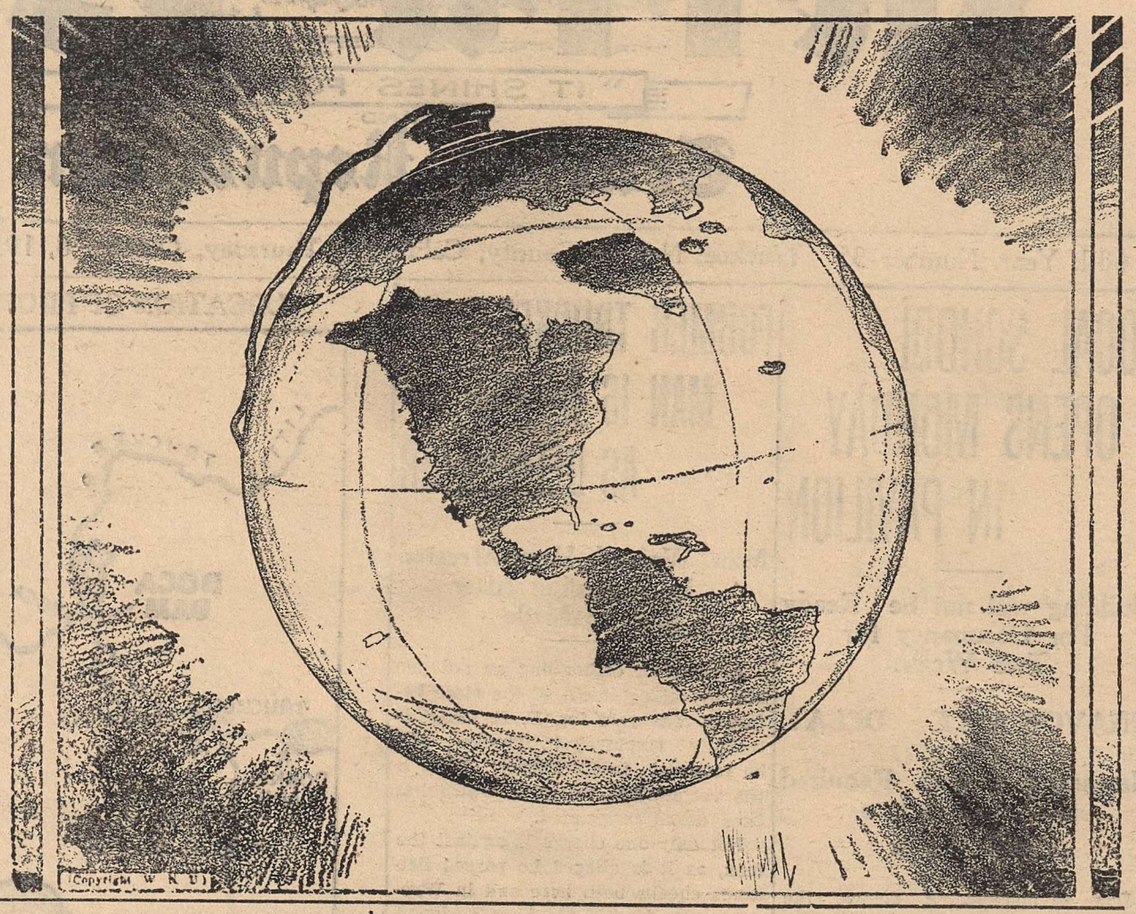
Thus the old story is repeated - - thecommon people will be the losers. No matter how the war turns out, coustitutional government and freedom in Spain will end. Leaders the world over are mad for power, as press dispatches from the leading nations indicate.

With such examples to go by, we are threatened with a labor "war" between workers and employers in our own United States. If it comes both sides will lose no matter who seems to "win." Lost wages,lost opportunities,good will and lost morale are never returnable. When humans sidetrack intelligence for tactics of barbarians, the world loses.

Yet, with horrible examples of the folly of blind strife all around us, extremists in our country, on both sides of the labor question, are fanning the labor war flames. Their actions remind us of a couple of dogs circling around for a chance to fly at each other's throats. There is some excuse for dogs. There is no excuse for the humans today who have every facility at their command for investigating, arbitrating legislating and settling their controversies in an orderly and intelligent manner.

The old quotation, "The more I see of humans, the better I like dogs," becomes more impressive every day

THE WORLD AS IT LOOKS TO MARS



Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Oct. 8 (UP) Despite various evidence of dissatisfaction and the accusations hurled by opponents, the Merriam administration showed its power in the California republican party by winning, three to one, the contest for chairmanship of the state central committee. Justus Craemer, Orange newspaper publisher,assistant state director of public works and former private secretary to Gov. Frank F. Merriam, was elected chairman unanimously after Edward S. Shattuck withdrew his own nomination in the face of overwhelming odds.

The administration drive for votes for Craemer started weeks ago when Mark Lee Megladdery, the governor's private secretary, and others close to the chief executive began sounding out the sentiment of new members of the central committee.

Long before the committee met, the administration forces were confident they had more than enough votes to assure Craemer's election Shattuck, however, did not want to give in without a fight. He was heard to say he would "take it on the chin" in a roll call vote before he would give in to the Merriam crowd.

Before the election could be carried to a roll call, however, a test vote of strength of the opposition groups showed Craemer with such a large majority that a second slow roll call would have been a waste of time. Nominators of Craemer asked that "other candidates" withdraw in the interests of the party harmony. Shattuck later drew the heaviest applause of the day by going to the front of the senate chamber, where the meeting was in progress, and dropping out of the contest.

The republican meeting had the appearance of a democratic gathering of the past. Throughout the day, there were corner caucuses and a scurrying for votes and proxies. The party was split and everybody admitted it. Democrats deserted their quiet meeting in the assembly chamber and enjoyed the unusual privilege of watching milling republicans on the verge of a fight. In the past, the opposite was true -- republicans, bored by a quiet, programmed meeting, used to have fun watching the democrats battle.

Of course, the democratic meeting was not as peaceful as it appeared on the surface. There were offstage mutterings and many complaints from the erstwhile EPIC faction because Senator William Gibbs McAdoo was running the show.

The McAdoo forces showed even more strength among the democrats than did the Merriam organization on the republican side, pushing their entire program through without much opposition on the floor.

State Senator Culbert Olson, who went along with McAdoo on most of the points, balked when it came to electing a secretary of the central committee. He put up no opposition to the unanimous election of Clifford Anglim as chairman and Herbert C. Legge, chairman of the Los Angeles board of supervisors, as vice chairman. But when the McAdoo group sought to "railroad" the election of Donald Younger, Santa Clara, as Secretary, Olson offered Kenneth I. Fulton, and the Olson forces were defeated more than three to one.

Resentment flared openly at that point when Olson supporters said on the floor, that the former EPIC leader had given in to McAdoo all day, and it was high time for McAdoo to yield something. They suggested that Younger withdraw, but Younger stuck and after he won the election the committee members agreed to make it unanimous.

Despite the clashes in both parties, the committee meetings ended with harmony prevailing. Speakers on both sides predicted victory for their respective presidental candidates -- President Roosevelt, democrat, and Gov. Alf M. Landon, republican.

Republicans called democrats names, and democrats reciprocated. There was no hint of either party not being wholeheartedly in support of its candidate. Democrats were certain of an overwhelming victory in California, and republicans were almost as sure that the state would return to the GOP column this fall.

Christian Science

In allthe Christian Science Church-In all the Christian Science Churches, branches of the Mother Church, The First Church of Christ, Scientist in Boton, Mass., a Lesson-Sermon will be read Sunday, October 11, on the subject: "Are Sin, Disease, and Death Real?"

The Golden Text will be: "Resist he devil and he will flee from you" (James 4: 7, 8). Bible selections will include the following passages from II Corinthians 4: 8, 11: "We are troubled on every side,yet not distressed: we are perplexed but not in despair; . . . For we which live are always delivered unto death for Jesus' sake, that the life also of Jesus might be made manifest in our mortal flesh."

Any doubt of the identity of Craemer supporters was removed before the meetings got underway. Among the most active vote and proxy gathers in the republican session were Merriam appointees. It was their chance to slap back at critics, and they swung into their task with great enthusiasm.

TAHOE REGION NEWS

By Swanee

ENGLISH VILLA TO CATER TO WINTER GUESTS THIS YEAR

English Villa at Homewood is one of the few Tahoe resorts which remain open the year round. The cabins are modern and comfortabe furnished, with running hot and cold water and well heated in the coldest weather. Special accomodations are available to week-end ski parties.

Allthe cabins will be remodeled and refurnished before the opening of the regular winter season, according to Jack Worthington, manager, who personally supervises the comfortable arrangement of guests and assists in every manner in assuring visitors of an enjoyable sojourn.

Car service is also available as a Shell station was installed on the premises early this summer.

Walter Grodzik, bartender at English Villa, comes well recommended having been employed in some of the finest clubs on the coast, among them the Deauville and Troville in San Francisco and the Canfield Gardens on the San Francisco-San Jose highway.

Preparation of meals at the Villa are under the personal supervision of Mrs. Fred Mantifel whose fame as a culinary artist accounts for the great popularity of this Homewood resort on the highway.

MRS. POMIN, SISTER BRIDGE HOSTESSES

On Wednesday afternoon, Mrs. Minnie Pomin and her sister, Mrs. Alice Brown, were joint hostesses at a bridge luncheon attended by 21 ladies at the Tahoe Women's clubouse in Tahoe City.

A chicken dinner was served at individual tables, appropriately decorated, followed by auction bridge. Those attending were: Mesdames J. W. Vernon, Emma Wehrman, Coridon Trickey, Henery Soll, John Stevens, Marie Henry, Otto Darlin, Alma Pierson, W. A. Simmonds, Weller A. Therton, Florence Topp, Norma Obexer, Ruth Mayfield, Northie Pomin, Eleanor Swanson, Rose Boyaredes, Ruth Wathen, Henry Worden, C. O. Valentine, and Miss Florence Vernon..

Showers Leave .61 of Inch of Rain at Lake

TAHOE CITY, Oct. 8. - Sunny weather with crisp, frosty mornings and evenings are again prevailing at Tahoe, following several days of cloudy weather with rumblings of thunder and some rain showers, which totaled .61 of an inch precipitation over Thursday and Friday. The lake level now stands at 6224.64.

MAYFIELD STARTS JOB ON NEW FISHER HOME

TAHOE CITY, Oct. 8 - N. R. Mayfield, Tahoe contractor, has started the building of a new 6-room rustic finish house near the Brockway hotel for Mrs. W. K. Fisher of Roseville.

At the R. K. Davies home at Rubicon Beach a combination stone three-car garage and guest-house has been erected this summer. The attractive home of Mr. and Mrs. Richard Shainwald is being remodeled at present, another smaller building has been moved and a six-room cottage for the help is being erected.

TAHOE STUDENTS ARE GIVEN HEALTH TESTS; GET NEW EQUIPMENT

TAHOE CITY, Oct. 8. - Dr. C. B. Pedersen, Tahoe physician, assisted by Miss Crandall of Auburn, Placer county health nurse, gave physical examinations to members of the elementary and high schools Thursday. The children numbered around 88.

The group received a high rating.

The board of trustees have agreed to allow the Tahoe branch of the Placer Union high school an electric sewing machine for the local sewing class which comprises six members. Six typewriters have also been allocated to the local school for the commercial class.

MANY GUEST VISIT AT CHRIS NIELSON HOME

TAHOE PARK, Oct. 8. - At the Chris Nielson home in Tahoe Park district Saturday visitors included stanley Page of Woodside, Mrs. Helen Parks and daughter Helen and Mrs. Duncan Pell of San Mateo and Gerda Kvistberg and son Pine Benson of Burlingame. Mrs. Kvistberg is occupying her home in Tahoe Park until around November 1.

Mrs. Hulda Nielson, former Tahoe resident, arrived at New York on the Swedish steamer, Kungsholm, from Sweden last Saturday and is expected to reach Tahoe within another week after visiting er route at Chicago with her sister.

Chris Nielsen traded in his old car several weeks ago and is now driving a 12-cylinder Lincoln sedan.

RIGHTS TO RAMPART PIT GOES TO GENE RE

TAHOE CITY, Oct. 8. - Eugene Re this week received the lease, secured last May, from the Southern Pacific company giving him exclusive control of the gravel pits near Rampart. Re also has a lease on the colored rock quarry up Squaw creek and a lease on the black dirt and loam on the Colwell estate above Chambers Lodge and one on the flagstone quarry at Antone Meadows.

ON HUNTING TRIP

Dr. C. B. Pedersen of Tahoe Park, Al Globin of Al Tahoe, Herman Gumpel of San Francisco and a fourth man left Monday on a three-day buck hunting expedition into the Hell Hole district. The party plans to penetrate the back country some 25 miles, taking the famous James brothers as guides.

Master

Capt. George W. Yardley of the Dollar Line luxury liner President Hoover, the ship that was "dry-docked" at San Francisco because of labor trouble.

TAHOE PERSONALS

(By SWANEE)

Mr and Mrs. R. E. Anderson of Sacramento are vacationing at Tahoe City for several weeks.

Mr. and Mrs. H. D. Worden and family enjoyed a week-end motor trip to the bay district in their new Plymouth sedan, where they visited relatives and friends.

Mr. and Mrs. Carl Bechdolt and son Billie and Chris Boyiaredes motored to Berkeley to attend the exciting St. Mary'S- California football game last Saturday.

Mr. and Mrs. J. Charles Harris of Timberland left on Tuesday for Oakland where they will spend the winter, after closing their attractive home in Timberland tract.

Mr. and Mrs. J. L. Debenedetti, Sr. have closed their Tahoe summer home and the family has returned to their San Mateo residence for the winter months.

Ownership of Property AT Tahoe is Mystery

TAHOE CITY, Oct. 8 - Fred Rupley of Auburn is reported to have purchased the 'circle" choice rental property in the heart of town formerly belonging to Jack Matthews the former manager of the Hotel Whitcomb in San Francisco. It was rumored around that a new group of camp cottages would be erected there in the spring, but later rumor had it that Rupley had resold the property, the new owner as yet unknown.

LEAVE ON ANNUAL TRIP

Mr. and Mrs. J. E. Pomin of Idlewild and Mr. and Mrs. E.H. Pomin of Tahoe City have left for a week's fishing trip to the Klamath river. It is a regular annual outing for the Pomin family, who have their limits of salmon canned before bringing them home.

Send the Sierra Sun — better than a letter!

NOTICE

I am closing my shop in Truckee for this winter, but will return again next spring.

Watches or jewelry remaining in the shop may be obtained by calling at the Sierra Sun office.

LOW SUMMER FARES EAST THIS WINTER!

EXTRA!

Longer return limit on ten-day coach-tourist fares between S.P. stations! You now have 30 days to complete your roundtrip. (P.S. Our local summer first class 21-day roundtrips will be in effect all winter. They average 2¢ a mile.)

EXTRA!

Fastest trains! Our Overland Route trains are fastest by many hours to the East. They are completely air-conditioned, which means comfortable temperature and complete freedom from dust and dirt. And remember, trains are the *safest* way to travel, especially in winter.

EXTRA!

Delicious meals at reasonable prices! Full-course luncheons and dinners in the dining car for as little as 80¢. Breakfasts for as little as 50¢. Tray service in chair cars and tourist sleeping cars: sandwiches 10¢, coffee 5¢, milk 5¢, doughnuts 10¢, etc.

For the first time in history, first class winter roundtrip fares to eastern cities are practically the same as low summer fares. For example:

CHICAGO AND BACK!
$82.42

Similar low fares to all eastern cities, all winter. Good in air-conditioned standard Pullmans (plus berth). Return limit 30 days.

LOW COACH & TOURIST FARES

Winter coach and tourist roundtrips are low, too. For example, you can go to Chicago and back in a comfortable chair for $59.77 or in a tourist sleeping car for $76.47 (berth extra). Return limit six months

LAKE TAHOE WOMAN TO SEE BROTHERS FOR FIRST TIME IN YEARS

When Mr. and Mrs. Ed. Wagner, business people of Lake Tahoe arrive in Duluth, Minn., Mrs. Wagner will have the unique experience of meeting a half-brother for the first time and another who was an infant at the time of her departure from the east, 36 years ago. Herbert and David are the names of the brothers who will greet their sister and brother-in-law.

Henry Baldwin, 89-year-old father will also greet the visitors with aunts, uncles and cousins. Baldwin, despite the fact that he has had four paralytic strokes is still able to hit the nail squarely on the head in his work as a carpenter.

The Tahoe couple plan to go the northern route, hoping to spend time in Yellowstone Park and return by way of Los Angeles, stopping at Palm Springs.

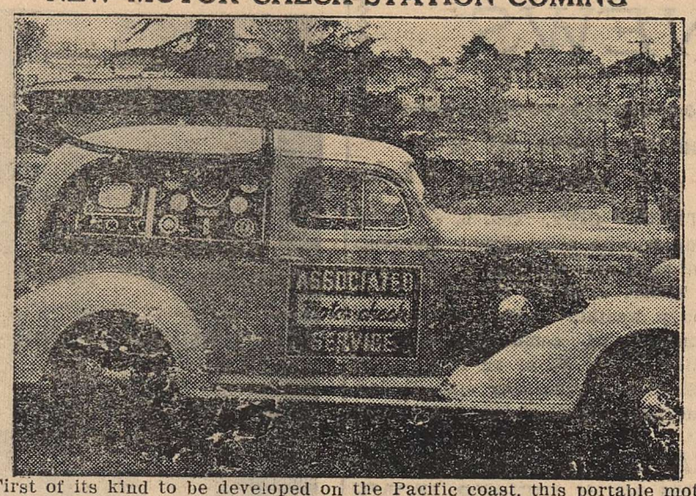
NEW MOTOR CHECK STATION COMING



First of its kind to be developed on the Pacific coast, this portable motor check station has been sent to Truckee by the Associated Oil Company. It is designed to tune up all makes of automobile engines to enable them to get maximum performance with Associated Aviation Ethyl gasoline. The portable station is to be operated at Bud Campbell's and will be here from October 8 to October 10.

HOBART MILLS

Mrs. Mary French was able to be removed to her home from the Hobart hospital last Sunday and is getting along very nicely.

Mrs. William Devlin of Modesto arrived here Sunday to stay with her sister, Mrs. Harry French.

Mrs. Voltz and son, Ernest, left on Thursday afternoon for San Francisco where Mr. Voltz is located at the present time.

Bert Newman who has been acting as chef at the Hobart Inn left last week for a well earned rest.

The Hobart Inn dining room was closed October 1 and all boarders are now eating at the boarding house.

Mr. and Mrs. Dick Burton left here after the sawmill closed. Burton has secured employment at McCloud and Mrs. Burton will visit relatives at Redding for the present.

Mr. and Mrs. James Canonic have gone to Reno where they will make their future home.

Mr. and Mrs. Bert Canonic and son spent Wednesday in Reno where they were business visitors.

Mrs. Don Fletcher and two daughters spent a couple of days at Carson City last week and visited with relatives.

Mrs. Mark Dolan and two sons visited at the home of Mr. and Mrs. Bob Fletcher for a few days last week and left Monday for Ely where the family are living at present. The Dolans are former residents of Hobart Mills.

Mr. and Mrs. Bill Nay are living in the apartment recently vacated by Mr. and Mrs. Chris Nelson.

Mr. and Mrs. Elwood Saltzen and son have returned to their home at Dixon after spending the summer at Hobart Mills.

Mrs. Ted Barrier has returned to her home after an extended visit in Sacramento with relatives.

Mr. and Mrs. E. C. Murray accompanied their son Jack on a business triq to Independence, Inyo county last week, returning here Friday night and Jack Murray returned to Quincy Sunday.

Mr. and Mrs. Jack Luhrs moved into the house recently vacated by Mr. and Mrs. Oscar Olson. The Olsons have gone to Roseville to reside. Mr. and Mrs. Harry Maggard have taen an apartment in town for the present, while engaged in closing up their resort at Lake Independence.

Mr. and Mrs. Martin Nelson left Wednesday for Oakland where they will make their future home.

Mrs. Lester Cummings and family left for Oakland Saturday evening to make their future home.

Mrs. John Casbohm has returned to her home and is reported much improved from her recent injuries.

Mrs. Ruth Watson and son have moved into the apartment over the pool room.

Austin Claiborn has returned after a visit in San Francisco.

Mrs. Irma Atkins spent the week end at her home in Nevada City.

Mrs. Leroy Wilson entertained family members at their home Wednesday evening, the occasion being Mr. Wilson's birthday. Guests included Mr. and Mrs. E. W. Canady and family, Mr. and Mrs. Earl Smith and Family of Truckee and Mr. and Mrs. Frank Wilson.

Mr. and Mrs. Bill Nay were week end visitors in Reno.

G. D. Oliver and T. K. Oliver arrived home Monday after several days visit with relatives in Berkeley.

Mrs. George Seymour of Brockway visited at the Frank Wilson home a few days last week.

Miss Lucy Otis has returned home from a few days spent visiting in Sacramento, and resumed her work at the post office.

Mrs. Frank Wilson entertained at a bridge party at her home Wednesday, honoring Mrs. Emma Kleinegger of Sacramento.

A daughter was born to Mr. and Mrs. "Pinkie" Island at the Hobart hospital last week. The Islands live at Camp 21 during the summer.

Mr. and Mrs. T. L. Bonner of Truckee were visitors at the home of Mrs. Hannah Stewart Sunday afternoon.

Mr and Mrs. D. Lacy have returned from a visit at Sacramento and San Francisco.

Mrs. Irene Bell of Sacramento is visiting at the home of her daughter Mrs. Don Fletcher.

Dick Gallotte, former resident, was a visitor in Hobart Mills Tuesday.

A LAUNDRY TALE

Once there were two women — one thought she'd save money by doing her washing, the other sent hers to the laundry to save her charm. One became unhappy, the other happier. If you can guess which one correctly you will leave the back-breaking drudgery of washing to us.

NORDEN NEWS

(By C. W. KRAMER)

The Edward Pelham family which has been in their summer home near Summit all season have returned to their home in Yuba City.

The Ira Wilson Dairy is moving to winter headquarters at Rocklin.

Jean Peard of Sacramento and formerly of Tunnel 41 spent several hours in Norden renewing acquaintances.

Deer hunters have been scouring every hill and dale in and about Norden but little success has been encountered.

Wong Att, chef of B and B 114, Eder Wall, was seen to have been unduly excited last Sunday when he saw and tried to stop the exit of a five-pointer near his camp.

After several days of north wind the fall climate about the Sierra has taken on a convenient attitude much to the enjoyment of all.

C. A. Rowe was agreeably surprised in having his house full of company last week end.

The Curt Sanford House gang who were recently in Norden are reported en route to Siskiyou where they will winter on a tunnel job.

Mrs. Charles Vanderford, who spent several in San Francisco on business, has returned to her home at Norden.

The Ernest Johnson home at the Summit has guests from the valley.

Recent arrival from Sacramento, where he has been confined to his home on account of illness, is Thomas Pavey of B and B No. 108.

Several new men have been added to the Ernest Olson snowshed gang at Tunnel Six.

Alvin Stackhouse motored to Colfax this week.

Since the cooler mornings have arrived one has seen Frank Briggs emerge from Ice Lakes to the more comfortable quarters at Norden.

Dempsey Hensley was a visitor in Eder Wall this week.

SCHOOL ACTIVITIES

Miss Anna Munro and Miss Lothrop spent the week-end in Berkeley where they witnessed the St. Mary's California grid battle. The final result was not so pleasing to the former as she is an alumna of the Berkeley school. As you know, the final score was favorable to the Gaels by a margin of 10 to the Bears' goose egg.

Miss Evelyn Reynolds spent Saturday in Los Gatos, Santa Clara county.

Mr. G. E. Hofmann was a Reno visitor Sunday.

Mr. W. I. Bovee changed his address from the west end of High street to a location closer to the school.

Miss Maryan Burnham enrolled in the sophomore class at the high school Monday. She transferred from the San Francisco Polytechnic high.

Some of the boys at the school are organizing a football team that they hope will he able to beat a team from Lake Tahoe, in case a game is arranged for Sunday afternoon. The hoys look fairly good considering they had their first practice last Tuesday. The Prospective team will be lined up as follows: Fred Mulenex left end; Oswald Schmidt, left tackle; Roy Waters, left guard; Douglas Barrett, center; Bud Zorich, right guard Adolf Schmidt, right tackle; Robert Bowers, right end; Frank Giovaninni, fullback; Geno Guidi, quarterback; Levon Joseph, left halfback; Aljah Caples, right halfback. Practice will be continued with Frank Titus' football as the school has no equipment.

OPERATED UPON

Henry Soll of Pine Lodge made a hurried trip to the Mills hospital in San Francisco to the bedside of his brother, Chris Soll, who was operated upon for ulcers of the stomach last Saturday. The patient is reported to be recovering satisfactorily.

TRAFFIC IN STATE RETURNS TO NORMAL

SACRAMENTO, Oct. 8 (UP) - California, as indicated by its volume of highway traffic, has overcome the effects of the recent depression.

A report of the state division of highways said:

"Traffic counts taken during 1935 and 1936 indicate that the slackening of traffic volume during the depression years has been fully recovered.

"The volume of traffic on the road today is practically the same as would have been the case if the normal estimated increase of six per cent per year had continued from 1929 to date."

New Employment Mark Reported for Month

SACRAMENTO, Oct. 8 (UP) - With one exception, last month hit a record high in the amount of work inaugurated by the state department of public works.

"In the 24 years of the state highway construction in California two months stand out in bold relief for the volume of work put under way by the division of highways," the report said.

"December, 1935, marked a record month in California's program of getting WPA project under way when $9,566,700 in contracts were awarded for highway construction in the state.

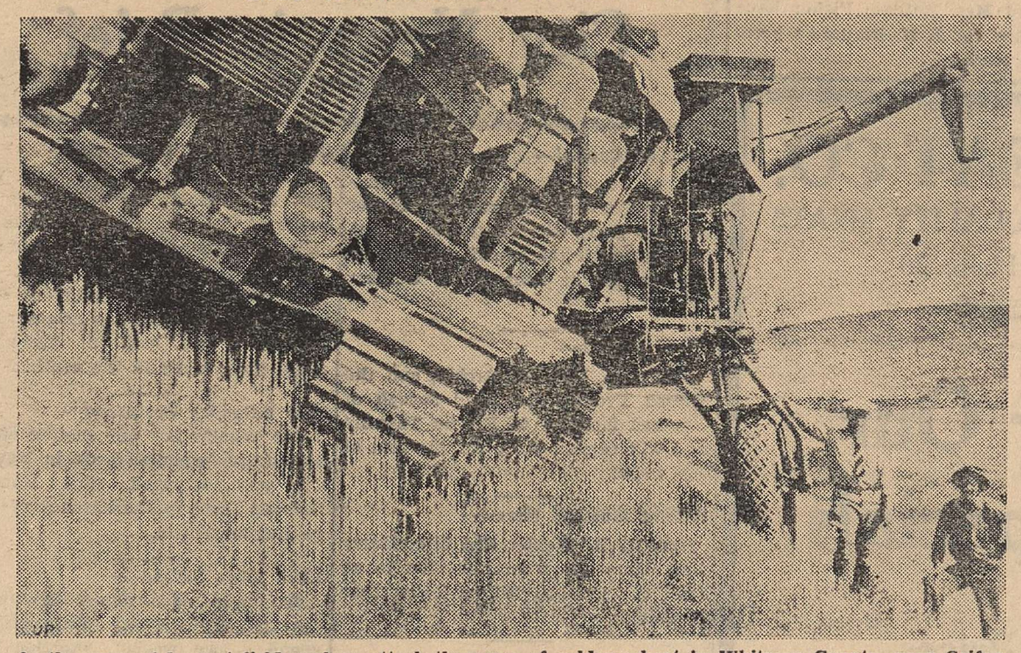
"The month of August, 1936, nearly equaled this record with a total figure of $9,092,000, representing construction and maintenance activities including contracts awarded and pending award in the sum of $4,665,400.

"The $4,500,000 in regular federal aid funds allocated to California for the fiscal year ending June 30, 1937, together with an expanded program for small betterment projects, has made this accomplishment possible."

The total figure includes day labor construction as well as contracts awarded and pending, it was explained.

It always comes in the nature of a shock and surprise to hear a weazened up little man with a 13 size collar speak with a rich bass voice and it is equally disappointing to hear a big, robust man lead off with a high tenor voice.

The Sidehill Harvest Combine



As the army of harvest field workers attack the acres of golden wheat in Whitman County, near Colfax, Wash., they use something new in combines—one that is rubber-tired and can operate efficiently on the sides of rolling hills that are wheat fields in that "bread basket" country.

LEGAL NOTICE

NOTICE OF TRUSTEES' SALE

On Wednesday, November 18, 1936, at 1:00 P. M., H. M. WESTON and E. R. As said Trustees.

First publication, October 1, 1936.
Last publication, October 22, 1936.

LEGAL NOTICE

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the Truckee Grammar School District for the furnishing, sale, and delivery of 300 folding auditorium chairs and trucks, F.O.B. Truckee Grammar School, not later than the dates listed on the proposals and in accordance with the specifications.

A copy of any or all lists of equipment wanted, together with the general conditions and specifications governing this sale of said equipment, may be obtained by application at the office of the clerk of the school district.

A Certified check for the sum of 10% of the aggregate amount bid upon, drawn upon a responsible bank or bankers, must accompany each bid, and which will be forfeited to the Board of Trustees should the bidder fail to comply with the terms of his bid or enter into further contract if required to do so.

In the event of an award of contract being given, it is understood that the Board of Trustees of the Truckee Grammar School District may exact a bond acceptable in form and conditions, and of an amount sufficient in its opinion to cover performance of contract.

All bids must be sealed and filed with the Clerk of the Board of Trustees of the Truckee Grammar School District not later than 12 o'clock noon October 16th, 1936.

The Board of Trustees of the Truckee Grammar school district reserves the right to accept or reject any and all bids, and to waive any and all informalities with reference to said bid.

Heat of Boiler on Engine Stops Rattler's Trip

SACRAMENTO, Oct. 8. (UP) - The engineer and fireman of a freight train were thankful for the heat of the engine boiler after it had saved them from a skin-prickling encounter with a rattlesnake.

As the freight train pulled out of a tunnel east of here, a rattler dropped onto the rail handle alongside the boiler, a few feet ahead of the locomotive's cab. Engineer O. E. Smith yelled to Fireman Bill Oakes and throttled the train down.

Oakes seized a shovel, Smith a stoker, as the snake wiggled toward thecab. Suddenly, the snake stopped overcome by the heat of the boiler. A minute later, it fell off. Ookes and Smith mopped their brows, returning to their positions.

While everyone knows in a superficial way what money is, there are only a few persons in the country who really understand what money is, and none of these seem able to explain it so the rest of us can understand it.

EXPOSED!

A New Scheme to Raise Prices by Taxation

You would pay for the cleverly-disguised "Retail Store License"... in higher prices for foods and other necessities of life.

DON'T be fooled by Proposition #22 on your November ballot.

By name, it is made to sound like a simple store license. Actually, the public, as usual, will bear the whole burden—*through the higher prices you will pay.*

The measure proposes this: Charge individual stores $1.00 a year for the right to do business. *But tax chain stores $500.00 for each store, over nine.*

The "joker" in such taxes is exposed by the U. S. Federal Trade Commission, which says:

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

Why? Because chain stores operate on a small profit. They eliminate middlemen's profits and unnecessary in-between expenses. The savings they make are passed on to you in *prices 10% below the average.* The Harvard (University) Bureau of Business Research states these to be the facts.

Thus four out of five chain stores do not make enough profit to cover the tax. They must raise prices. And that means you will pay.

Some chains will be forced to close. Their competition gone, other stores will be free to boost their charges. And *that* means you will pay.

The tax is admittedly *not* for revenue purposes. It *is* a scheme to raise prices by taxation to subsidize wasteful business methods at your expense.

If you agree that chain store competition helps to keep *all* prices reasonable—if you agree that taxes on foods and necessities are already high enough—*vote NO and keep prices low.*

For, stripped of its misleading name and its involved wording...*22 is a tax on you*—VOTE NO!

22 IS A TAX ON YOU—VOTE NO!

22	RETAIL STORE LICENSE Referendum against act of Legislature (Chapter 849, Statutes 1935) requiring every person or organization owning, operating or controlling one or more stores, wherein merchandise is sold at retail, obtain annual State license; prescribing fifty cents application fee for each store and one dollar license fee for one store, increasing license fee progressively for second and additional stores to five hundred dollars for each store over nine; excepts filling stations, ice distributing establishments, restaurant facilities of common carriers, newspaper offices, stores wherein sales are incidental to rendering personal service, theatres and motion picture houses.
